

Plans are nothing. Planning is everything.

Coming Soon: MI Schools Pandemic Planning Workbook & Online Toolkit for Educators

This easy-to-use workbook will eliminate time and energy spent to complete your school's pandemic influenza plan, by utilizing existing materials. The workbook includes:

- Templates: sample school pandemic plan, letters to be sent home to parents, educational presentations for the community
- Pandemic planning checklists
- Educational flyers & posters for infection control & seasonal flu
- Online toolkit with lesson plans for K-12

Please utilize these materials to familiarize yourself with pandemic flu terms & phases used by the Centers for Disease Control & Prevention & the Michigan Department of Community Health.

Be on the lookout for this online workbook sometime in the late summer/early fall. A website link will be sent to your school's superintendent through the Michigan Department of Education.

Preparedness activities can be practiced this fall as part of your seasonal flu efforts!
