| MMRV                    | Measles, Mumps, Rubella & Varicella                                                                         | ProQuad®                                                                                                                              |
| VAR                     | Varicella                                                                                                   | Varivax®, Chickenpox vaccine                                                                                                          |
| MenACWY or MCV4         | Meningococcal Conjugate Vaccine (A, C, W, Y)                                                                | Menactra® (MenACWY-D), Menveo® (MenACWY-CRM)                                                                                          |

The vaccines listed in the above table are those that **can be counted** towards a child's school-required and/or childcare-required vaccinations. Please see additional footnotes on page 2.

\*Vaccines that are not available in the U.S. but may count toward a child's school-required vaccinations.

<sup>†</sup>Twinrix® contains Hepatitis A and B. The Hepatitis B component of this vaccine can count towards a child's required Hepatitis B series for school entry.

<sup>††</sup>Hib-MenCY, or MenHibrix®, contains Hib and Meningococcal Conjugate serotypes C and Y. The MenCY components of MenHibrix® **do not count** as the Meningococcal Conjugate (MenACWY) vaccine dose required for 7th grade students and transfer students 11 years and older.

## Additional Vaccines That May Be On Immunization Records (do NOT count towards school and child care entry requirements)

| CDC Abbreviation | Vaccine                                          | Common Names, Synonyms, Brand Names                          |

| TT               | Tetanus Toxoid                                   | Tetanus toxoid                                               |

The vaccines listed in the above table are those that **are not required** for school or childcare entry in Michigan, however, you may see these listed on a child's immunization record. Refer to the local health department to get all vaccine doses entered into the Michigan Care Improvement Registry (MCIR).

For more information on which vaccines are required for school entry in Michigan, please visit [www.michigan.gov/documents/mdhhs/School\\_Req\\_for\\_Schools\\_553548\\_7.pdf](http://www.michigan.gov/documents/mdhhs/School_Req_for_Schools_553548_7.pdf).

For more information on which vaccines are required for childcare or preschool entry in Michigan, please visit [www.michigan.gov/documents/mdhhs/Child\\_Care\\_Reqs\\_ChildCares\\_553541\\_7.pdf](http://www.michigan.gov/documents/mdhhs/Child_Care_Reqs_ChildCares_553541_7.pdf).

\*Vaccines that are not available in the U.S. but may count toward a child's school-required vaccinations. A complete list of vaccines that are no longer available in the U.S. can be found in CDC's *Epidemiology and Prevention of Vaccine-Preventable Diseases* at [www.cdc.gov/vaccines/pubs/pinkbook/appendix/index.html](http://www.cdc.gov/vaccines/pubs/pinkbook/appendix/index.html), under Appendix B.
