

Michigan Care Improvement Registry (MCIR) Turning Off Pop-up Blockers

- ❖ The MCIR system utilizes pop-up windows which are necessary for full MCIR functionality, such as new person record creation. The directions below are specific to the browser version illustrated.
- ❖ This document is intended to be a guideline to re-enable pop-up windows in the three most common browsers.
- ❖ If you are using a browser not listed below or utilizing a version not illustrated here you will need to contact your internal Systems Administrator for further assistance.

Internet Explorer (IE)

Open Internet Explorer select the **Gear icon** (top right of the browser). 

- Select **Internet options**.
- Select the **Privacy** tab.
- **Clear (unselect)** the check box next to Turn on Pop-up Blocker.
- Select **OK**.

Google Chrome

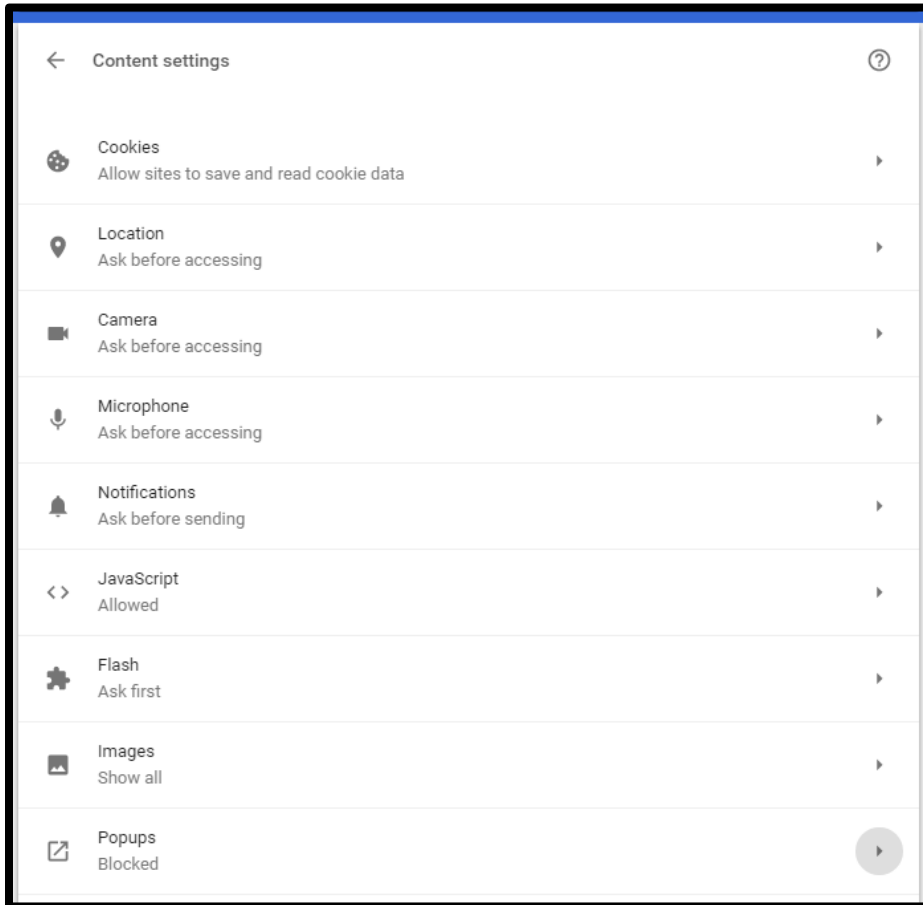

By default, Google Chrome blocks pop-ups from automatically showing up on your screen. When a pop-up is blocked, the address bar will display this icon indicating that a pop-up has been blocked. 

To turn pop-ups off:

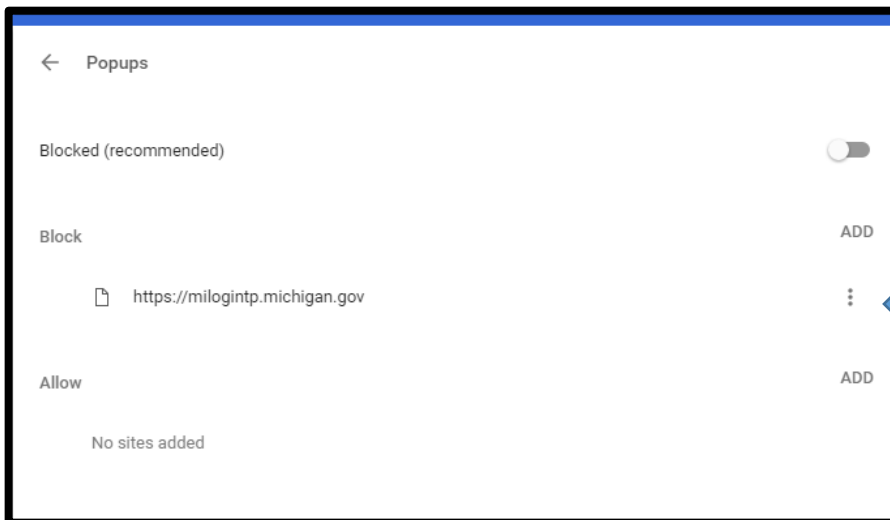

- Access Chrome and click on the **Menu icon** (top right of the browser). 
- Click **Settings**.
- Scroll to the bottom of the screen and click **Advanced**.
- Under "Privacy and security," click **Content settings**.

Michigan Care Improvement Registry (MCIR) Turning Off Pop-up Blockers

➤ Click on the **Menu icon** (3 dots to the right of the blocked address).
