2. Select the appropriate user role from the **Edit User Role** drop down of choices.
3. Select OK.

The image shows a screenshot of a software interface. At the top, there is a window titled "Edit Role" with a close button (X) in the top right corner. Below this title bar, the text "Edit User Role" is centered. Underneath, there is a form with a label "Role" on the left. To the right of the label is a dropdown menu. The dropdown menu is open, showing two options: "Provider User" and "Limited Access User". The "Provider User" option is highlighted with a blue background. To the right of the dropdown menu, there is a small button labeled "OK".

The End.
